

March 11, 2013

Trash pick-up and paper shredding are not glamorous but this service is vital to our business. Pellitteri Waste Systems has provided outstanding service to us for almost 10 years. I can rely on our scheduled trash pickup. Pellitteri also shreds our confidential papers. They have called and recommended changes to the frequency of pick-up based on our usage. If you want to do business with a local company, I recommend calling Pellitteri.
