

Danielle,

I would just like to say that I have been more than satisfied with the job that Pellitteri has done in managing our waste and disposal needs. The staff has always treated our company with the utmost care and respect while responding to any urgent needs that we may have. Pellitteri has also worked with us to help ensure that our project is as green as possible by recycling as much of our material as can be salvaged. I would recommend them to anyone in the contractor industry.
